EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Brij Agarwal on June 10, 2004.

The application has been amended as follows:

In claim 10 line 13 (the second line on page 4), "l ast" was deleted and replaced with --least --.

This amendment corrected an apparent printing error.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

Claim 1 was allowed because the prior art of record does not teach or render obvious the total method claimed, including the steps of employing the at least first tab as an at least first home tab defining a home position of the indication member, employing the second tab as a characteristic tab, detecting the orientation of the second tab with respect to the at least first home tab, and employing the detected orientation of the second tab with respect to the at least first home tab to determine the at least first known characteristic of the number of known characteristics of the material.

Art Unit: 2854

Claim 13 was allowed because the prior art of record does not teach or render obvious the total method claimed, including the steps of employing the at least first tab as an at least first home tab defining a home position of the indication member, employing the second tab as a characteristic tab, detecting the orientation of the second tab with respect to the at least first home tab, and employing the detected orientation of the second tab with respect to the at least first home tab to determine the at least first known characteristic of the number of known characteristics of the material.

Claim 26 was allowed because the prior art of record does not teach or render obvious the total method claimed, including the steps of employing the at least first tab as an at least first home tab defining a home position of the indication member, employing the second tab as a characteristic tab, detecting the orientation of the second tab with respect to the at least first home tab, and employing the detected orientation of the second tab with respect to the at least first home tab to determine the at least first known characteristic of the number of known characteristics of the material.

Claim 38 was allowed because the prior art of record does not teach or render obvious the total method claimed, including the steps of employing the at least first tab as an at least first home tab defining a home position of the indication member, employing the second tab as a characteristic tab, detecting the orientation of the second tab with respect to the at least first home tab, and employing the detected orientation of the second tab with respect to the at least first home tab to determine the at least first known characteristic of the number of known characteristics of the material.

Art Unit: 2854

Claim 51 was allowed because the prior art of record does not teach or render obvious the total method claimed, including the steps of employing the at least first tab as an at least first home tab defining a home position of the indication member, employing the second tab as a characteristic tab, detecting the orientation of the second tab with respect to the at least first home tab, and employing the detected orientation of the second tab with respect to the at least first home tab to determine the at least first known characteristic of the number of known characteristics of the material.

Claim 65 was allowed because the prior art of record does not teach or render obvious the total method claimed, including the steps of employing the at least first tab as an at least first home tab defining a home position of the indication member, employing the second tab as a characteristic tab, detecting the orientation of the second tab with respect to the at least first home tab, and employing the detected orientation of the second tab with respect to the at least first home tab to determine the at least first known characteristic of the number of known characteristics of the material.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dave A Ghatt whose telephone number is (571) 272-2165. The examiner can normally be reached on Mondays through Friday 8:00 AM to 5:30 PM.
